HOT PAWS

Know when the ground is too hot for your hound!

⚠️ 7 SECOND RULE ⚠️

1. Rest the back of your hand on the pavement.

2. Wait seven seconds.

3. Too hot? Wait out the walk. **If it's too hot for your hand, it's too hot for your hound!**

125° 
Skin damage can occur in 1 minute!

135° 
It's hot enough to fry an egg in 5 minutes!

WALKING HEALTH TIPS	Avoid mid-day walks. Stroll during cooler hours.	Avoid asphalt.
	Invest in a good pair of dog booties.	Walk in the grass during the hottest part of the day!
